RAMUC INTRODUCES ADC ACRYLIC DECK COATING

Greensboro, N.C., - Ramuc® ADC is a self-priming, water-based deck coating that provides the perfect blend of beauty, safety, and durability for your deck or patio. This product not only ensures a safe, non-slip surface, but also offers a vibrant, colorfast finish that stands up to the elements.

Acrylic Deck Coating offers easy application, a soap and water clean-up, while allowing a deck or patio to return to service in 48 hours. ADC is available in gallons in six different colors: Whisper White (white), Honey Sand (medium beige), Dune Shadow (soft brown), Sandstone (warm brown), Cayman Sand (light beige) and Silver Creek (gray). These are matched to the industry's most popular colors.

Ideal for concrete, wood, or fiberglass surfaces, Acrylic Deck Coating is UV resistant, ensuring your deck stays vibrant and protected for years to come.

"ADC will help you transform your ordinary deck into an extraordinary outdoor space with a durable and affordable solution. This easy way to enhance your deck adds a slip-resistant, refreshed finish, offering a clean and consistent appearance that's ideal for residential or light-duty environments."- Gary Ferguson, Vice President of Aquatics and Parks.

About Ramuc Aquatic Coatings: Ramuc is a leading manufacturer of specialty coatings that has been trusted for over 90 years to protect and rejuvenate swimming pools, spas, slides, and more. We have and will continue to keep customer service as our primary goal along with our commitment to producing high quality coatings.
