## RAMUC INTRODUCES HIGH-PERFORMANCE HB31 HIGH BUILD POOL EPOXY

Greensboro, N.C., - Ramuc® HB31 3:1 high building epoxy pool paint is the ultimate solution for long lasting protection and stunning finishes, ideal for swimming pools, spas, slides, decks and more.

Whether it's concrete, plaster, or fiberglass, this durable formula delivers exceptional stain, chemical and abrasion resistance, making it the go-to choice for both indoor and outdoor environments. HB31 can be rolled or sprayed covering up to 8 mils dry per coat, smoothing out rough surfaces with ease, while providing a sleek satin finish that looks as good as it performs. With just two coats, this product can provide up to 8 years' service life, making it a superior choice, especially for spas where durability is key.

HB31 will be available in gallon kits, in the following 5 colors: Black, Dawn Blue, White, Glacier Blue, and Ocean Blue. HB31 will also be available in 4-gallon kits in the following colors, White and Dawn Blue.

"Applicators and distributors will love this additional 3:1 new high build product. Coupled with its user-friendly design, robust color palette, and convenient pack size, it all comes together seamlessly." – Gary Feguson, Vice President of Aquatics & Parks

**About Ramuc Aquatic Coatings:** Ramuc is a leading manufacturer of specialty coatings that has been trusted for over 90 years to protect and rejuvenate swimming pools, spas, slides, and more. We have and will continue to keep customer service as our primary goal along with our commitment to producing high quality coatings.
